

MOPHEAD COVERS

FLAT MOPHEAD COVER

DESCRIPTION

Disposable 100% polyester double layer flat mophead cover with elastic. Developed for applications that require a high absorption and a low particle release. Easy application on the mophead and fast replacement during cleaning operations. The cover is suitable for cleaning tools with a flat rectangular head up to cm 18x10. Cleanroom packaged and sterilizable in autoclave. Available also sterilised by Gamma irradiation.

MOPHEAD COVERS

SPECIFICS		
PRODUCT CHARACTERISTICS		
weight	225 gr ± 5 g/m ²	
thickness	0.75 ± 0.05 mm	
sorptive capacity	750ml/m ²	
CONTAMINATION CHARACTERISTICS		
ANALYSES THROUGH TEST METHOD IEST-RP-CC004.3		
NVR (IPA)	<0.6 mg/g	
NVR (DIW)	<0.3 mg/g	
ions concentration (IC)	chloride (Cl ⁻)	<4 ppm
	sodium (/Na ⁺)	<4 ppm
	nitrite (NO ₃ ⁻)	<4 ppm
	sulphate (SO ₄ ²⁻)	<4 ppm
liquid particle counting (LPC)	≥ 0.5µm	<20 mln/m ²
fibers release	>100 um	<500 pc/m ²
